As we enter the Badlands National Park of South Dakota, you will see the result of 37 million years of wind and water erosion that have carved saw-edged spires and multi-colored grassy-topped buttes out of the vast prairies. A refreshing stop will be in Wall, SD at the world-famous Wall Drug. Built in 1931, the world's largest drugstore survived the depression by advertising free ice water to travelers. Rapid City was founded in 1876, two years after gold was discovered in the Black Hills; our home for the next 2 nights. This evening we travel through Keystone, with its origins in 1883 as a mining town, and on to Mount Rushmore National Memorial for the evening lighting ceremony, weather permitting.

- North Dakota, South Dakota and Nebraska
- Mount Rushmore National Memorial
- Black Hills
- Crazy Horse Memorial
- Wall Drug
- Badlands National Park

Wed, Aug 19

Medora, ND

Before leaving the state, we have included a visit to Deadwood, a town with only one main street—all that space permits on the floor of Deadwood Gulch. It is filled with reminders of its lively past as a gold rush boomtown and haven for well-known gunfighters and gamblers. Legalized gambling returned to Deadwood in 1988. A stop is planned at

Traveling to the north, we enter North Dakota, a state with river valleys, huge ranches and vast prairies. We will overnight in Medora with its population of 100, near the ranch Theodore Roosevelt established in 1883 and now preserved in the Theodore Roosevelt National Park. This evening enjoy a Pitchfork Fondue dinner prior to the Medora Musical.
